

Your Managed Care Organization for Workers' Compensation

CompManagement Health Systems (CHS) has been selected to medically manage your company's Workers' Compensation claims under Ohio's mandated managed care system.

If an injury requiring medical attention occurs, follow the procedures outlined below.

Supervisor Responsibilities

- Ensure the injured worker receives necessary medical treatment.
- Provide the injured worker with an Injury Reporting Packet.
- Immediately conduct an accident investigation and complete the supervisor's section of the Injury Investigation Report.
- Forward the completed Injury Investigation Report to the Workers' Compensation Coordinator within 24 hours.
- Ensure the injured worker submits appropriate medical documentation in a timely manner.
- Monitor the employee's recovery and transitional work options.

Injury Reporting:
Toll-free 1-888-247-4800

Injured Worker Responsibilities

- Report injury to your supervisor immediately.
- If medical treatment is needed, seek treatment at a preferred medical facility.
- Take the MCO ID card, First Report of Injury (FROI) and MEDCO-14 to the medical facility.
- Complete the enclosed Injury Investigation Report and submit to your supervisor immediately.
- Return all completed medical documentation to your supervisor upon receipt from your physician.
